

...-----... PROCLAMATION -----...
Tacoma's only HOLISTIC CARTOONIST,
RR Anderson SEEKS *your friendly* **ADVICE:**

CAN ONE MAN MAKE A DIFFERENCE™ ?

Idle Reader,

You may well know as I do, the pages of history are filled with dreamers... brave souls who've dipped their gauntlets deep into the cider barrel of destiny so that their lips might taste of the sweet fluid in reckless abandon. Yet, *sweet* cannot exist without the *savory*. I direct your attention now to the hearty cheeseburger appearing in your imaginations at this moment. Are you going to eat that? Don't just eat it my friends... EAT THE HELL OUT OF IT! For that cheeseburger *is* America.

Special Results-Oriented Announcements:

1. Starting February 7th (abouts) [Tacoma's Only Open Source Political Cartoon](#) (T.O.O.S.P.C.) will begin syndication in the pages of *The Weekly Volcano* alongside secret HFW messages disguised as humble 'advertisements' which is a huge victory for underground cartoonists everywhere, and a major blow to our many enemies, competitors and detractors.
2. [Team Exit133](#) has prepared an emotionally charged Cartoonist Propaganda Film (C.P.F).
3. The First anniversary Tacomic is moving in like a ship. [Heap your ethical considerations / blue sky ideas here.](#)

Avidly,

* please respond directly to this email, not to the whole listserve. nobody likes a commie.
